FUEL YOUR FUTURE

JUICES 4LIFE

FROM PASSION TO PROFIT

In 2018, three Birmingham entrepreneurs identified a gap in the market for a premium, health-focused juice brand. With just a £68 investment and a simple table, the journey began.

After successfully launching and operating four high-performing stores, the model was proven - paving the way for the expansion into franchising.

Today, we operate:

- ✓ **8 stores with industry-leading margins**
- ✓ **Winter sales:** £15,000-£30,000/week (in mature store 24 months trading)
- ✓ **Summer surge:** £28,000-£40,000/week
- ✓ **New location:** £15,000-£18,000/week after opening

WHAT PEOPLE HAVE SAID

Just came from London and had a fresh juice there was amazing I would really recommend it

BAHROZ RASULI

Mango and Guava smoothie is probably the best smoothie on their menu. Not a lot of spots who genuinely sell fresh smoothies so Juices4life is a 10/10 spot for me
